WARNING: Any alteration, forgery or unauthorized use of this Federal Form is subject to civil penalties of up to \$250,000 (7 U.S.C.s 7734(b)) or punishable by a fine of not more than \$10,000, or imprisonment of not more than 5 years, or both (18 U.S.C.s 1001)

See permit conditions below

PERMIT CONDITIONS

This permit authorizes the importation of the listed articles, under the conditions specified below. A copy of this permit (including all conditions) must accompany all shipments authorized under this permit.

In addition to this permit, genetically engineered plant materials regulated by 7 CFR Part 340 must be imported with a valid APHIS 2000 Permit or Notification. Please call (301) 851-3935 or email Biotechquery@aphis.usda.gov for more information.

Receipt or use of foreign isolates or samples from countries under sanctions requires specific permission from the U.S. Department of Treasury (see <http://www.treasury.gov/resource-center/sanctions/Programs/Pages/Programs.aspx> for current country/regional listings) for current country listings.

Any person who violates the Plant Protection Act (PPA) of the United States, individuals or corporations who fail to comply with these conditions and authorizations, or who forge, counterfeit, or deface permits may be criminally or administratively prosecuted and found guilty of a misdemeanor which can result in penalties, a one-year prison term, or both. Additionally, any person violating the PPA may be assessed civil penalties of up to \$250,000 per violation or twice the gross gain or gross loss for a violation that results in the person deriving pecuniary gain or a pecuniary loss to another, whichever is greater. In addition, all current permits may be cancelled and future permit applications denied.

This APHIS-issued import permit only covers compliance with APHIS regulations and requirements. Therefore, this APHIS permit for the commodity to be imported does not reduce or eliminate the permittee's legal duty and responsibility to likewise comply with all other Federal and State regulatory requirements applicable to the commodity to be imported.

1. This permit is for plant materials that are or intended for herbarium specimens for research or educational purposes at the Herbarium located in the Ramirez Laboratory, Room 4333, Storer Hall, 475 Storer Mall, University of California Davis, Davis, CA 95616. Propagation of this plant material is not allowed.
2. The person who is issued this Controlled Import Permit (CIP) and his/her employees or Agents, shall comply with the following permit conditions, which are deemed by the USDA APHIS Administrator to be necessary to prevent the dissemination and establishment of plant pests.

The permit holder must:

- (a) be at least 18 years of age, have and maintain an address in the United States that is specified on the permit, and be physically present during normal business hours at that address during any periods when articles are being imported or moved interstate under the permit.

Permit Number PCIP-18-00157

<p>THIS PERMIT HAS BEEN APPROVED ELECTRONICALLY BY THE FOLLOWING PPQ HEADQUARTER OFFICIAL VIA EPERMITS.</p>  <p>Yilmaz Balci</p>	<p>DATE</p> <p>03/26/2018</p>
--	--------------------------------------

WARNING: Any alteration, forgery or unauthorized use of this Federal Form is subject to civil penalties of up to \$250,000 (7 U.S.C.s 7734(b)) or punishable by a fine of not more than \$10,000, or imprisonment of not more than 5 years, or both (18 U.S.C.s 1001)

- (b) notify the PPQ controlled import permit (CIP) unit if it is necessary to transfer of permit ownership, and changes in address or phone number.
- (c) keep the CIP permit valid for the duration of possession of any imported plant material that is maintained under his/her possession until released from permit requirements as directed in this permit.
- (d) maintain the regulated plant material only at the location specified in the permit, and dispose of the material as described in the permit conditions.
- (e) notify the PPQ controlled import permit (CIP) unit, within 3-5 days, of any signs of potential disease symptoms such as wilting, dying or sudden death, or accidental release or destruction of regulated plant material.
- (f) notify the PPQ controlled import permit (CIP) unit of the receipt of any unauthorized plant material not listed on the permit.
- (g) notify the PPQ controlled import permit (CIP) unit, within 3-5 days, if facilities which contain imported plant material are renovated, decommissioned for any reason or severely damaged by natural disaster.
- (h) destroy all regulated plant material prior to the permit holder's departure from the approved facility unless other arrangements are confirmed by the PPQ controlled import permit (CIP) unit, or unless a new permit is in place with a responsible party at the facility.
- (i) Notification or Contact information for PPQ controlled import permit (CIP) unit: Telephone (301) 851-2046 or (877) 770-5990 (Toll-Free Automated System); Fax (301) 734-5786; Email: controlled.import.permits@aphis.usda.gov.

3. The plant materials must be selected from apparently disease-free and pest-free sources, free of federal noxious weeds and soil. All regulated plant material is subject to inspection at a PPQ Plant Inspection Station (PIS) at the time of entry to the U.S. If found infected/infested at the PIS/port of entry, plant material may be destroyed, treated or returned to the exporter at the permittees expense.

4. Packaging and Shipment:

- (a) The shipment must be accompanied by an invoice or packing list indicating its contents, which are clearly labeled, and include the permit number on the bill of lading.
- (b) The imported plant material must be packaged sufficiently to prevent cross contamination during shipment.
- (c) Imported materials must not be wrapped or otherwise packaged in a manner that impedes or prevents adequate inspection or treatment.
- (d) The material must be shipped in a sturdy closed container that will prevent the possible escape or introduction of plant pests during shipment.
- (e) Any packing material used in the consignment of the plant material must meet the requirements of § 7 CFR 319 "Subpart- Plants for Planting", and wood packing material used in the consignment must meet the requirements of § 319.40-3(b).

Shipment:

- (a) The yellow/green permit label issued with the permit must be used. The instructions are provided in the electronic label file. This colored label must be attached to the outside of the package and must be the only delivery address on the package. This label directs the package to the designated Plant Inspection Station. **DO NOT PLACE ANY OTHER DELIVERY ADDRESS ON THE OUTSIDE OF THE PACKAGE.**

Permit Number PCIP-18-00157

<p>THIS PERMIT HAS BEEN APPROVED ELECTRONICALLY BY THE FOLLOWING PPQ HEADQUARTER OFFICIAL VIA EPERMITS.</p>  <p>Yilmaz Balci</p>	<p>DATE</p> <p>03/26/2018</p>
--	--------------------------------------

WARNING: Any alteration, forgery or unauthorized use of this Federal Form is subject to civil penalties of up to \$250,000 (7 U.S.C.s 7734(b)) or punishable by a fine of not more than \$10,000, or imprisonment of not more than 5 years, or both (18 U.S.C.s 1001)

- (b) Please include a copy of the permit inside the package.
- (c) The imported plant material should be packaged and safeguarded sufficiently to maintain isolation from the domestic environment during transportation.
- (d) A prepaid mailing label shall be included in each package. Alternatively, provide address labels (handwritten or typed) along with the shipping account to be charged to send the packages from the inspection station to your address.
- 5. Upon arrival of each shipment at the facility/location, the permittee shall notify, by both email and phone, the State Plant Health Director (<https://www.aphis.usda.gov/planthealth/sphd>) and State Plant Regulatory Official (<http://nationalplantboard.org/membership/>). The office of the Yolo County Agricultural Commissioner at 530.666.8140 and Dr. Athar Tariq, CDFA, at 916.403.6766).
- 6. After the imported material is removed from the shipping container, the container must be bagged and sterilized by autoclaving, destroyed by double bagging and incineration, or double bagged and taken to a municipal landfill.
- 7. Prior to use, all imported plant materials must be labeled "Quarantined material and stored in a locked cabinet or other secure location under the control of the permittee to prevent pilferage and unauthorized use.
- 8. The identity of all regulated material must be maintained throughout the permit period by visible labeling. The information on the label must contain the permit number, the genus, species and cultivar, country of origin and date of arrival.
- 9. The facility where the work is performed, and the imported plant materials are grown, are subject to unscheduled inspection by an APHIS representative during regular business hours. At the time of inspection, the importer must make records available for the imported material received under this permit.
- 10. Unused imported plant materials must be devitalized/destroyed by sterilization using an autoclave or by double bagging and incineration. All related plant waste will be autoclaved or double bagged and incinerated prior to disposal or double bagged and sent for burial to a municipal landfill.
- 11. Permit renewal: Controlled import permits are initially issued for one (1) year and may be renewed for up to an additional two (2) years. As part of the renewal package, the permittee must submit records that include propagation from the imported plant material, testing results, plant abnormalities and death, plant disposal information, and any pest or disease occurrences.
- 12. Specimens may only be imported for research or educational purposes and not for propagation.
- 13. During shipment, seeds, if present, must be securely affixed to the herbarium sheet or placed in containers that can be securely closed, such as screw cap vials or specimen jars. Loose plant material must be placed in envelopes. Plants that produce "dust seeds", the entire fruit, capsule etc. that contains potential viable seeds must be placed in containers that can be securely closed.
- 14. All plant material imported under this permit is subject to herbarium practices of pest exclusion before the archiving process. This includes a -80 C or -20 C freeze treatment for a minimum of 7 or 14 days, respectively. The specimens must be dried and permanently mounted.

WARNING: Any alteration, forgery or unauthorized use of this Federal Form is subject to civil penalties of up to \$250,000 (7 U.S.C.s 7734(b)) or punishable by a fine of not more than \$10,000, or imprisonment of not more than 5 years, or both (18 U.S.C.s 1001)

15. After cold treatment and subsequent mounting, specimens are released from permit conditions and may be loaned to other herbarium institutions within the US. However, herbarium specimens with potentially viable seeds or other propagative parts may not be loaned unless the recipient holds a valid permit from this office.
16. Any tools including glassware, cardboard, and mounting materials utilized must be decontaminated prior to reuse or disposed of by methods described in this permit.
17. Exchange of specimens imported under this permit does not require a permit within the US. However, if these specimens are exchanged internationally and then reimported, they will be subject to the conditions specified in the Miscellaneous and Processed Products Import Manual (<https://www.aphis.usda.gov/plant-health/online-manuals>).
